

LAKSHMI SOWMYA SIDDAVARAPU

Business Analyst | Data Analytics | Supply Chain Forecasting
sowmyasrinivas200@gmail.com | +91-7680874835 | Bengaluru, Karnataka | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Business Analyst with 5+ years of experience in supply chain analytics, demand forecasting, and data-driven decision making. Proficient in **Advanced Excel, SQL, Python, Power BI**, and Tableau. Proven track record of improving forecast accuracy, automating workflows, and delivering actionable insights across global clients.

TECHNICAL SKILLS

Technical: SQL, Power BI, Advanced Excel, Excel VBA, Power Query, Power Automate
Visualization & Analytics: Tableau, R-Programming, Python, ARIMA, Time Series Forecasting, Data Modelling
Soft Skills: Business Acumen, Problem Solving, Communication, Agility for Quick Learning

PROFESSIONAL EXPERIENCE

Genpact <i>Business Analyst</i>	Jun 2024 – Present
- Lead demand forecasting for a US-based electronics client across 10+ product lines using ARIMA and time series models, improving forecast accuracy quarter over quarter. - Built Power BI dashboards tracking forecast vs. actuals, KPIs, and supply chain metrics, cutting client reporting prep time by ~40%. - Automated Oracle transaction workflows using Power Automate, reducing manual data entry effort and improving process reliability. - Automated weekly and monthly reporting using Excel VBA and Power Query, saving 8+ hours per week in manual effort. - Delivered 50+ forecast allocation and performance reports with zero client escalations, maintaining 100% on-time delivery. - Collaborated across 3 cross-functional teams (production, supply chain, client ops) to align demand forecasts with production planning goals.	
Capgemini <i>Senior Associate</i>	Apr 2023 – May 2024
- Spearheaded volume forecasting accuracy improvement of 2.3% through comprehensive YoY sales trend analysis across multiple product categories. - Collected and analyzed raw supply chain data to identify trends and patterns, enabling data-driven predictive insights for stakeholders. - Developed Excel VBA macros to automate routine reporting workflows, saving 15 hours per week in manual processing effort. - Enhanced client ROI by strategically aligning promotional activities with data-driven insights derived from POS and sell-through analysis. - Conducted successful User Acceptance Testing (UAT) for multiple iterations of Salesforce applications, ensuring quality delivery.	
EMBIBE <i>Junior Analyst</i>	Sep 2019 – Jul 2022
- Collected and reported raw data to identify trends, patterns, and irregularities, supporting predictive insights for product teams. - Managed and analyzed a large books dataset using SQL queries to extract valuable insights and optimize data organization. - Introduced a new reporting system using Excel Power Pivot, cutting processing time by 30% and improving reporting consistency. - Created Excel-based visual models and maintained content dashboards; resolved rising query tickets with high accuracy.	

PROJECTS

Sentiment Analysis using Claude LLM Models <i>Python, Claude API, NLP</i>
Building an NLP pipeline leveraging Claude LLM to perform sentiment classification and opinion mining on textual datasets. (In Progress)
Forecasting Time Series Dataset <i>Python, ARIMA</i>
Applied ARIMA time series models to forecast demand patterns and identify seasonal trends in historical sales data.
Text Mining of Market Basket Analysis <i>Python, Pandas, Matplotlib, Wordcloud</i>
Performed association rule analysis on transactional data to uncover purchasing patterns and product affinities.
Data Visualization using Tableau <i>Tableau</i>
Designed interactive dashboards to visualize key business metrics and performance indicators for stakeholders.

EDUCATION

M.S. in Business Analytics & Finance , Presidency University, Bangalore	2021 – 2023
B.Tech in Computer Science , JNTU Anantapur	2015 – 2019
